Subject: Town of Chautauqua Roadside Swales Stabilization Project
Construction Certification & As-Built
Town of Chautauqua, Chautauqua County, New York

Dear Mr. Emhardt,

EcoStrategies Engineering & Surveying, PLLC (EcoStrategies) is submitting this *Construction Certification letter* for the *Town of Chautauqua Roadside Swales Stabilization Project* located in the Town of Chautauqua, Chautauqua County, New York. The project was completed in general accordance with the design plans and permits and is functioning as designed. The total number of check dams planned was 313 and the actual amount installed was 349 based on adjustments in the field. The total length of swales treated meets or exceeds the original plans for water quality improvement. All construction work is officially complete, applicable permits have been closed out, and an as-built drawing is enclosed for your records.

I am happy to report that the project was a success and is now a sustainable asset to the Town of Chautauqua community with numerous benefits. It was a pleasure working with you and your team.

An electronic copy of this letter has also been e-mailed to you. Please let me know if you have any questions.

Respectfully,

Andrew R. Johnson, PE, CPESC
President / Civil Engineer
